BOYD NURSERY COMPANY • McMinnville, Tennessee

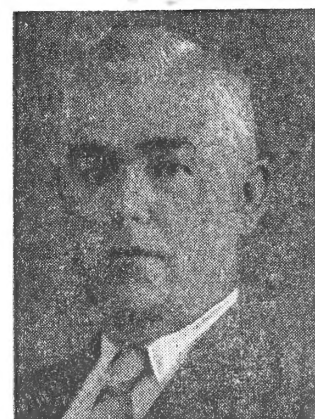

The Late J. H. H. BOYD
Grandfather of Boyd Bros.
1860-1924

FOUR GENERATIONS OF BOYDS

71 Years of Continuous Service

To Our Customers, 1887-1958

F. C. BOYD
CHAIRMAN OF THE
BOARD
Father of Boyd Bros.
Grandfather of
Ramsey Boyd

It is with great pleasure that we herewith present our catalog for Fall, 1958. First of all, we want to extend greetings and best wishes for a prosperous year in 1958-59 also to thank each and every one of our customers for their patronage during the past and hope that we may have the pleasure of receiving your valued orders for the coming year.

Those who have known and bought from the "Boyd's" in the past, many for a long term of years, of course, need no introduction. To those unacquainted with us we are glad to give the following bit of information.

Back in the year 1887, J. H. H. Boyd, the founder of our business, father of F. C. Boyd and grandfather of the Boyd Brothers started gathering and selling tree seeds and soon after began gathering native trees and shrubs and growing them in the nursery. There were few schools at that time in the Cumberland mountains, and little opportunity to attend, so his education was the result of his own efforts. His intimate and life-long association with trees and plants, together with his interest and accurate and correct knowledge, made him a leader in the growing of nursery stock. He died in 1924.

F. C. Boyd, the father of Boyd Brothers followed in the footsteps of J. H. H. Boyd advising and training his sons for the years ahead. He entered the nursery business in 1904 working with his father.

In 1914 he and his brother J. R. Boyd, purchased the interest of their father in one of his nurseries which they, the Boyd Brothers built into one of the largest nurseries in the south. They operated as a partnership until 1930.

In 1930 F. C. Boyd purchased a farm just outside the city limits of McMinnville, where Boyd Nursery Company operated until 1948. In 1948 due to failing health, he turned

over operation of the firm to his sons, with the advice, "Boys, use the *Golden Rule*, as your guide."

Due to the expansion of McMinnville it was decided to move the nursery five miles farther out, on Highway 55-A, and the old farm is being sub-divided into building lots. A larger farm of new land was purchased where the expansion program could go forward.

The excellent growing conditions and our increased acreage enable us to offer this season the finest and most complete assortment of nursery stock we have ever had.

We have many customers over the country that have been sending us their orders from year to year, and we are proud of them, and trust we may add you to our growing list of pleased customers. Of course, our reputation depends on the class of plants we send out, and the service that we render.

All packing and shipping of orders is personally looked after by competent help; shipments are put up in the best possible manner, and stock is packed for long distance shipments.

SHIPPING SEASON—We usually begin digging and shipping nursery stock October 15th and with slight interruptions during the bad weather we ship all winter up until May 1st.

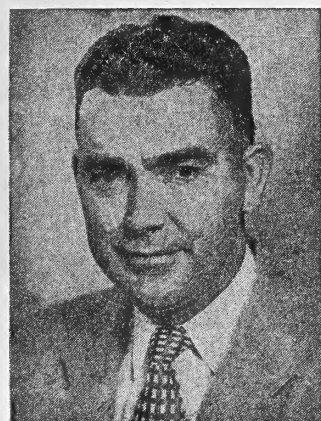

To our old, new and prospective customers, the Boyd Nursery Company wishes you a very satisfactory and profitable nursery season.

Cordially yours,

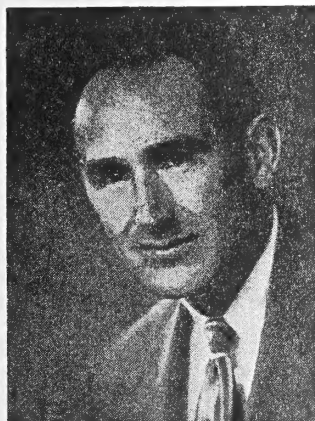

BOYD NURSERY COMPANY

HAWTHORN—PAUL'S DOUBLE SCARLET**THORN, Crataegus oxyacantha splendens**

15 feet. Masses of double, showy, scarlet-crimson flowers
on irregular, picturesque branches. Yellow-green bark is
in pleasing contrast with nearby plants. You may trim to
a formal shape and not lose all the beauty, but in natural
growth, it attains its greatest value. Useful as a landscape
specimen, an accent and combined with Dogwoods, Flower-
ing Crabs and Redbuds.

	Each	Per 10
4 to 5 feet	\$2.75	\$25.00
5 to 6 feet	3.00	27.50

LIRIODENDRON TULIPFERA, Tulip Tree

Also called yellow poplar because of its fine wood in
the building industry. A tall compact tree that is being
used more and more in shade tree plantings. Its large
tulip-like flowers are borne in the spring, greenish-yellow
and orange in color.

MALUS, FLOWERING CRABS**ALMEY, Flowering Crab**

New! Fiery Crimson! Sensational!

Almey takes its place as the most beautiful flowering
crab in America. The tree is upright, vigorous and hardy.
Almey blooms young. Each spring the two year old trees in
the nursery are covered with blooms. Almey is the only
variety that does this. It is hardy and will do well in any
location. The fruits are maroon, and last into the winter
season.

	Per 10	Per 100
2 to 3 feet	\$10.00	\$ 75.00

ROSE MULTIFLORA, Rose multiflora japonica

Is fast becoming one of America's most popular "living fences" on the American farm. Produces an impregnable barrier for all livestock within 3 or 4 years. Its density provides a valuable windbreak. Its tight, stock-holding mat of thorns provides an excellent game refuge for wild-life cover, and adds beauty to the farm, producing white blooms profusely in early spring followed with red berries in the fall and winter.

Send Want List For Special Quotation On Quantity Lots.

Terms and Conditions

(This List Cancels All Previous Prices)

We offer usual terms to those of known responsibility. Where purchaser's credit responsibility is unknown to us cash is required before shipment or reference with time for proper investigation. Orders to be sent C. O. D. should be accompanied with one-fourth cash.

2% discount and free boxing and packing allowed where cash accompanies order. No charge for packing carload orders in bulk.
Net 30 days from date of invoice.

Price—All prices here are f. o. b. our nursery, packing at cost. Packing free if cash accompanies order. We will accept orders 25 of a variety at 100 rate; 250 of a variety at 1000 rate. The prices published in this list are subject to change without notice, and are made for immediate acceptance. They may be increased to cover any taxes upon sales. Bales and boxes charged at actual cost.

Consignment—No stock will be sold directly or indirectly on consignment.

Shipping—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express, freight or truck.

Inspection—A Certificate of Inspection accompanies each shipment.

Guaranty—We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All stock is sold subject to crop losses through unavoidable causes.

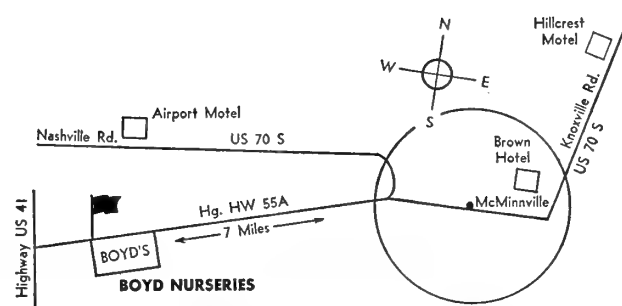

Claims—All claims must be made immediately after receipt of stock. While we use every means at our command to secure prompt delivery we are not liable for delays in transit; our responsibility ends upon delivery in good order to transportation company. We shall be glad, however, to render all aid we can to remedy a loss.

References—Any bank or business house in McMinnville. The Commercial Agencies or any of the leading nurserymen in the United States.

WE ARE NOT IN THE JAPANESE BEETLE ZONE

Truck Service—We are able to offer delivery in private trucks within a radius of 1000 miles. Charges average about the same as railroad rates with the elimination of packing charges and delivery to your door. If interested in truckload delivery, write us or phone and we will make arrangements.

"All trucking delivery charges are C.O.D., and must be paid when stock delivered."

DOUBLE RED FLOWERING PEACH

ALBIZIA JULIBRISSIN, MIMOSA TREE

Make sure your nursery is ready for a *PROFITABLE SEASON* with the fast-selling,

nationally advertised

"SENSATIONAL NEW" SUNBURST LOCUST

(*Plant Pat. No. 1313)

The greatest new tree since Crimson King Maple. Brightest golden-bronze foliage of any plant we know. Completely free of thorns and is even more resistant to insects than Common Honeylocust. Tree is well-formed, symmetrical and broadly pyramidal with excellent spreading branching habit. Sunburst's brilliant coloring is limited to 8 or 10 inches of branch tips. Here is a colored plant that won't be objectionable in any landscape.

	Each	Per 10	Per 100
5 to 6 feet	\$3.25	\$30.00	\$275.00
6 to 8 feet	3.75	35.00	325.00

MORAINE LOCUST

(Plant Pat. No. 836)

Beautiful new thornless, seedless shade tree grows tall, encourages luxuriant lawn grass growth.

Exceptionally Fast Growth—No leaves to Rake—No thorns. No Seed Pods—Resistant to disease and insects.

Hard sturdy wood resists storm and ice damage—Tolerant of drouth and imperfect drainage.

Once established, the fast growing MORAINE LOCUST adds from 3 to 5 feet in a year. Under favorable conditions these trees reach 25 to 30 foot height within 7 years.

	Each	Per 10	Per 100
5 to 6 feet	\$3.25	\$30.00	\$275.00
6 to 8 feet	3.75	35.00	325.00

*U. S. Plant Patent No. 1313. *Gleditsia triacanthos inermis aurea*.
